The wood

a point crawl

Winter Burrow · GM

Moving

- Walk a path: mark its hours. The number in each place is its hours from home by the shortest way.
- Every path across the Brook is a DEX save, or wet. Tobben's stones: no save.
- Deep snow is counted. Felted boots take 1 off each Long Field path.
- Roll an encounter where she stops, not where she passes through.
- A snowstorm adds an hour to the trip out and an hour to the trip home.
- A sled can't go into the Larch hollow, the Pit's lower cut or the Shed rafters.
